Where did Trust Waikato come from?

Ever wondered where Trust Waikato's money originated? We were established by government statute in 1988 to hold the shares of Trust Bank Waikato. In 1996 all our banking shares were sold and we exited the banking business. Since then the Trust has built up a global investment portfolio and donates a percentage of its profits to community organisations throughout the region.

What is our purpose?

Trust Waikato supports the things that make our corner of the world a better place by donating money to community organisations. Trust Waikato's funding supports organisations and projects that focus on welfare, sport, recreation, youth, environment and culture.

Our vision is for resilient and vibrant communities.

Our mission is to invest wisely, and donate effectively.

Where do we fund?

Our funding area includes the districts of Thames/Coromandel, Hauraki, Matamata/Piako, Waipa, Waikato, South Waikato, Waitomo, Otorohanga, Ruapehu and Hamilton city.

The Trust acknowledges that this area includes much of the lands of the Tainui waka and thus the people of Waikato, Raukawa, Hauraki and Maniapoto.

Who do we fund?

We fund not for profit community organisations that:

- operate predominantly within the Trust's geographic area.
- have an incorporated society or registered charitable trust status.
(Note: We can still fund organisations without this status; please talk to one of our Donation Advisors.)
- have a bank account, annual financial statements and annual report on their operations.

Supporting Iwi and Māori Communities

Trust Waikato has a significant commitment to honouring Te Tiriti o Waitangi.

The Trust wishes to support projects and organisations which are at the heart of resilient and vibrant whanau, hapu and iwi. Donation priorities include supporting marae development and funding significant Māori projects.

Preserving and celebrating cultural identity

Our community’s history and sense of identity is important to us all.

The Trust wishes to support significant initiatives of Pacific peoples and other ethnic communities.

Please give us a call to discuss your project. We welcome your enquiries.

Building resilient communities

The Trust is keen to support projects or programmes provided for people who have been denied a quality of life enjoyed by the majority.

Some communities have distinct needs – perhaps because of their size, location or population characteristics – and the Trust supports community organisations working actively to service these needs in identified areas. For example, we are aware of the issues of access and transport faced by remote rural communities.

We work alongside organisations with established networks in communities experiencing high needs. In particular, the Trust funds broker organisations to facilitate access to information and funding opportunities in areas of high need.

Improving community resources is, literally, a building block towards improving social well-being for a community. The Trust encourages schools, sports and recreation clubs and community organisations to share resources and facilities where possible.

Strengthening community groups

Great work in the community requires strong and viable organisations. The Trust does fund the management and operational infrastructure of groups. We work alongside organisations to improve their capacity and sustainability. We encourage groups to use accountability and evaluation as a platform for learning.

- 1) If your organisation is applying for another donation, you can fill out the accountability question on the application form, or attach a brief report on how you used the donation and how it benefited the community.
- 2) If your organisation is not applying for another donation for some time, it's best to send us a report. Include a project summary describing how the community benefited from your project. Please also provide copies of any receipts, as well as a set of annual financial statements.

TIP

Your accountability report should be relative to the size of your donation. Your report for a previous donation might also include photos, personal statements or media articles.

Why are some applications declined?

Unfortunately Trust Waikato's donation budget is never big enough to meet all requests. We will explain to your organisation the reason(s) why your application has been declined. The most common reasons for decline are:

Incomplete applications

Applicants have not supplied all that is requested on the form.

Late applications

We cannot receive applications after the closing date. Make sure you get them in early.

Level of reserves

Organisations have significant untagged funds in their accounts.

Low priority

We assess applications with an eye to giving money where the most community benefit will be derived. Our resources are limited which may mean we think certain requests are lower priorities than others.

Taihoa pea e kōkiri

Ko ngā kaupapa taihoa pea te tīmata i roto i te tekau mā rua marama.

Kei waho o te kaupapahere

E tukua ana te pūtea e ai ki te kaupapahere o Te Puna o Waikato. Hei taurira, kāore Te Puna o Waikato e tuku pūtea ki ngā mea e ai ki tāna titiro nā te Kāwanatanga kē te kawenga. Ko tā mātou kaupapahere Tuku Pūtea kei www.trustwaikato.co.nz

Me aha ki te kore taku tono ā-tau-anō e whakaaetia?

Me tūtaki e ngā tono ā-tau-anō he paearu motuhake, kua tautuhitia ki tā mātou kaupapahere ā-tau-anō. Ki te kore tā tono ā-tau-anō e whakaaetia, ka tirohia tonuhia tō tono mō te tuku pūtea ki taua tau tonu ki taua wā tono. Kāore he here ki tō rōpū kia tono anō.

Unlikely to proceed

Projects or programmes that are unlikely to go ahead within the next twelve months.

Outside policy

The Trust allocates donations according to its donation policy. For example, the Trust does not donate to things it sees as the responsibility of government. Read our Donation Policy at www.trustwaikato.co.nz

What happens if my multi-year application is declined?

Multi-year applications must meet some very specific criteria, as specified in our multi-year donation policy. If your multi-year application is declined, your application will still be assessed for an annual donation in the same round. Your organisation does not need to reapply.
